

Advantage Aviation Technologies

ATR 42 and 72
Exhaust Repair

Advantage Aviation Technologies specializes in aircraft welding repairs, aircraft overhauls, and engineering repairs for aircraft components and subcomponents.

AAT repairs cracks with state of the art, patented weld processes that enhance the life span of the repaired areas against future cracking on inner and outer skins.

AAT is able to repair outer insulation blanket and if needed can replace complete blanket with an approved state of the art material that has proven to last longer than the OEM original material

Normal repairs have 5 Day turn around. AOG Service is available next day in most cases, if necessary
